ABOUT ME

I am a student of Computer Engineering at Khazar University. I am currently in my 3rd year and as a young person interested in coding, I am looking for experience as a Front-end Developer in Web Development. My goal is to specialize well in the field of Web development in our country and to participate in the development of our country in this field through new technologies. In addition, in the future, I want to help our young students who are interested in this field .
